The teacher will die-cut the materials for student use prior to the lesson.

1. Die-cut the Advent Tree 3-D (2 dies) using green and white cardstock or construction paper. Die-cut four green Trees from the Front Tree and four white Trees from the Back Tree.
2. Adhere a white Tree to the back of each green Tree. Keep glue off the window flaps.
3. Open each window flap and adhere stickers, Tiny die shapes, daily activities or other messages to the white paper showing through the windows.
4. Attach white adhesive numbers, 1 through 24, to each window flap.
5. Fold each Tree in half with the green Tree on the outside (Figure A).
6. Attach one folded Tree half to a second folded Tree half (Figure B).
7. Attach a third folded Tree half to the second Tree (Figure C).
8. Finally, attach the fourth folded Tree half to both the third Tree and the first Tree. The completed Tree will now stand by itself (Figure D).
